Subject: Conditional Approval on QAPP

Ken,

Per our previous conversations and technical calls, I am writing to conditionally approve the Quality Assurance Project Plan (QAPP) as it pertains to sampling activities only. This conditional approval will allow the Pre-RD group/AECOM, and its contractors to perform sampling activities in the Portland Harbor Superfund Site starting on March 28. This conditional approval is limited to activities as described in your Field Sampling Plans, any other activities beyond the scope of your FSP are not covered.

The EPA will continue our review of your response to EPA comments on the QAPP specifically the summation rules for data analysis.

Thanks,

Davis Zhen
